FHP HAND PICKED AS VALUATION PANELIST

FHP have been appointed as a new member to sit on the panel of Oblix Capital's trusted valuers, made up of a pool of select firms.

Oblix Capital provides loans for commercial and residential properties, their decisions based upon crucial valuations provided by valuers such as FHP. Upon seeing the quality and comprehensive valuation services provided by Alastair Fearn of FHP, Oblix Capital personally sought Alastair out and arranged for FHP to join their panel.

Mark Copson, of Oblix Capital, comments:

"We were made aware of Alastair's in-depth and comprehensive valuation after a Residential Developer in Derbyshire, whose development required funding, presented me with their previous valuation, which was conducted by Alastair. At which point, we appointed Alastair to re-value the development site, whilst also asking FHP to join our trusted valuation panel, as we felt their high standards corresponded with our own.

We assess loans with a fast-paced, agile approach, to provide our clients with an efficient service to meet the demands of their business. We felt that Alastair and his colleagues at FHP are people we can rely on to adapt to these demands, when undertaking valuations of importance."

Alastair Fearn of FHP comments:

"We are privileged to have been appointed by Oblix Capital to join their select panel, and we look forward to delivering a high level of service whilst working alongside Mark Copson and his team.

Alastair Fearn works in the Professional Services at FHP, who provide a leading multi-platform property consultancy service, within the commercial and residential sector.
