FREESTYLE TRAMPOLINE PARKS JUMP AT MANSFIELD & ASHFIELD OPPORTUNITY

Freestyle Trampoline Parks have recently acquired a 30,000 sq ft facility close to Junction 28 of the M1 Motorway to set up a trampoline centre concept of wall to wall interconnecting trampolines including battle beams, basketball, dodgeball, giant diving airbags and also a large café and viewing areas. The unit has ample parking and is on a main bus route and close to Sutton Park Railway Station making this facility very easily accessible.

Thomas Shufflebottom of Freestyle Trampoline Parks who recently acquired the premises commented:

“This will be a 30,000 sq ft supreme park providing fitness and fun for all ages. This will be the largest facility in the East Midlands which will be set up on the principle of Gravity Trampoline Parks with which we already have strong connections. We have already begun undertaking our fit out and expect to be open to the public in the next 3 months”.

Mark Tomlinson of FHP Property Consultants who concluded the sale commented:

“I feel this is an ideal concept for this building and in this location, the local authority was forthcoming in their consent for such an operation which I am sure will be a huge success due to its accessibility to the local and wider population. I very much look forward to the centre opening; I may even have a go myself!”
