

Press release 2017

SECURE YARD, EXCELLENT UNIT – GLAISDALE POINT AVAILABLE NOW

Sitting mid way between the centre of Nottingham and Junction 26 of the M1 Motorway, Glaisdale Industrial Estate is always a popular location for distribution or manufacturing occupiers. With very limited availability on the estate at the present, Tim Gilbertson of FHP is pleased to offer Unit 12A to the market.

Extending to just over 18,700ft² the building offers a mix of good quality warehouse or potential production space with excellent fitted offices and the key advantage of a large securely fenced and gated yard.

Tim Gilbertson commented:

“The market still remains in good shape and supply is limited, particularly for modern units with a large yard. The biggest attribute that Unit 12A, Glaisdale Point has is undoubtedly its large securely fenced and gated yard plus additional car parking and as a result hopefully we will receive early interest.”

The letting is being handled by Tim Gilbertson and Chris Proctor and for further information or to arrange to view please contact either of them on 0115 9507577 or tim@fhp.co.uk / chris@fhp.co.uk.
