

# Press Release 2017

## Transform Trust land new offices premises at Castlebridge

From left to right:- Rebecca Meredith (Chief Executive at Transform Trust), Peter Munro (Trust Director at Transform Trust) and Chris Proctor (FHP Property Consultants)

Transform Trust is a multi-academy trust formed in 2013. The office re-location has been necessary following recent growth, and has facilitated Transform to be based under one roof at Unit 11 Castlebridge.

The offices accommodate 2,400 sq. ft. over two floors of newly refurbished high-quality space. Transform Trust now join a wealth of tenants at Castlebridge Office Village, which includes Specsavers, Avery Dennison, Sumo Digital, Fat Free Media and more. The office village now has just two units left available in the highly successful refurbishment scheme.

### **Steve Cox Chief Finance Officer of Transform Trust commented:-**

“We have been very demanding seeking new value for money premises which could serve a range of purposes to support children in our schools across Nottingham & Derby. We have sought a central location, well served by public transport and road, and sufficient usable space for both office and conferencing needs. FHP has made this process easy for us and we are delighted to have come to Castlebridge.”

### **Chris Proctor of FHP who agreed the deal commented:-**

“Transform Trust were great to work with and we had terms agreed in a quick time frame allowing them to be operational well ahead of the next school year. This deal is further evidence that speculative refurbishments from Landlords are producing good level rents and high-quality tenants. We now have just 2 units left on Castlebridge Office Village of 1,572ft<sup>2</sup> & 2,185ft<sup>2</sup> and aim to have these under offer by October of this year.”
