

Press release 2017

EXCELLENT WAREHOUSE / INDUSTRIAL UNITS AVAILABLE IN KIRKBY- IN-ASHFIELD

We are delighted to bring to the market these industrial units in the popular industrial location of Kirkby-in-Ashfield. There are several size options available ranging from 2,500ft² right up to 7,500ft² through the 3 units available, this allowing us to accommodate a good scope of size requirements for potential occupiers.

These high calibre industrial units all benefit from a clear span layout with exceptional lighting and heating facilities, with 6m eaves height. The units all have full height roller shutter doors and provide superb amounts of natural light, good amounts of car parking, and additional office space within the units. The location being very accessible being situated closely to Junction 28 of the M1 Motorway via the A38.

Anthony Barrowcliffe from FHP's Office & Industrial Team comments:

"I am excited to offer these industrial units to the market, offering several size options to accommodate prospective tenants, the units being of high calibre specification and offer a clear span industrial space with high eaves height allowing potential tenants to maximise the space, and utilise this to their specific needs. These units being ideal for storage, production and warehouse space, also benefiting from an excellent location logistically."
