

DEVELOPMENT OPPORTUNITY TO DEMOLISH EXISTING BUILDING AND TO CONSTRUCT 3 TERRACED HOUSES

Planning granted to demolish the Former Classic Rewinds commercial building on Park Road in Lenton to construct 3 residential dwellings totally 358m² (3,859ft²).

The site is situated just off Castle Boulevard which is situated excellently to both hospitals, universities and the City Centre.

Anthony Barrowcliffe comments:-

"This is an excellent project for a local developer, builder or investor looking to build out this scheme either retaining the investment or looking to sell off each property individually. I believe once these properties are built they will be of serious interest to professionals wanting to live within the City."
