

## FHP FIND NEW TENANT FOR LARGE SITE AT J28 OF THE M1

Chris Proctor of FHP Property Consultants is delighted to confirm on behalf of FR Somerset Limited that their newly refurbished site at Birchwood Way, Somercotes, Alfreton has been let to Burrows Recovery Limited.

Chris Proctor of FHP Property Consultants who acted on behalf of the landlord commented:-

“This site suits Burrows Recovery perfectly given the oversized yard area on a self-contained securely fenced and gated site. My client has undertaken a good quality refurbishment which has resulted in a successful letting to Burrows Recovery.

Myself and Tim Gilbertson from the FHP Industrial & Logistics team are looking for further space to Let and Sell in the area with more active business requirements currently unfulfilled. Please get in touch with us today if you have a property you’re considering renting or selling or you’re a tenant/purchaser searching for property.”
