

RAYNESWAY PARK WELCOMES POWERSLIDE MOTORCYCLES IN A DEAL AGREED BY FHP

FHP Property Consultants are delighted to announce on behalf of private clients the letting of Unit 3 Raynesway Park, Raynesway, Derby to Powerslide Motorcycles.

Raynesway Park is prominently positioned fronting Raynesway (A6) and provides modern trade counter/warehouse accommodation with excellent road links to the A50, A52 and M1 Motorway.

Darran Severn of FHP Property Consultants commented:

"We received good interest in this particular unit which became vacant earlier this year, and as a result, we quickly placed the unit under offer minimising any void period. This has been an excellent result for both the landlord and tenant. The new tenant currently occupy premises in Stoke on Trent and have chosen Derby for their second branch.

This leaves us with Unit 10 Raynesway Park, which has just come to market providing 9,744 sq ft of modern warehousing, available on new lease terms. If any interested parties would like to view, then please let me know."

Brad Clarke, Director of Powerslide Motorcycles commented:

"The unit was perfectly situated for our growing motorcycle business. Easy access for customers is a must these days and also a fresh, clean place of work, which was found at this location."

For further information on this letting please contact Darran Severn on 01332 224 854 / darran@fhp.co.uk.
