

# NEW STORES REQUIRED

The **PUDDING PANTRY**

The Pudding Pantry is a hugely popular independent café specialising in Puddings, Cakes, Pancakes and Brunch. They have an established and growing following with over 25,000 followers across social media.

The journey started in 2014 with the opening of the first site in Nottingham City Centre, which was followed by the second site in Sherwood in 2018 which has an in-house bakery.

The concept and offering has been fine-tuned and is now the go to place in both locations.

Now is the time to grow the business further into new vibrant locations across the East Midlands.
