

IDEAL SITES FOR EV CHARGING

Here's what we are looking for...

WHAT KIND OF SPACES ARE WE LOOKING FOR?

DESTINATION SITES

- **High traffic locations** across the UK
- Ranging from **2 - 24 bays**
- Long term **partnerships**
- Existing sites with a focus on **retail, hospitality** and **leisure sectors**

LAND SITES

- **Greenfield** or **brownfield** land on **main arterial** routes across the UK
- **Leasehold** (30 year minimum)
- **Freehold** acquisition
- **0.2 - 2 acres** preferred, however larger sites will be considered

WHAT'S THE DEAL?

- **Octopus Energy Generation** have invested up to £110m in the expansion of the **Be.EV** charging network
- Attractive **revenue share** and **traditional rent** models offered
- **No costs** to the landlord - a **fully funded** solution
- **Increase footfall** to your site
- All infrastructure will be **installed, operated** and **maintained** to exemplary **Be.EV** network standards
- **Strong covenant** and **well funded** to purchase sites
