FHP SECURE FAST TURNAROUND FOR DERBY HIGH STREET LETTING

Acting on behalf of private clients, FHP are pleased to confirm a letting 27 Cornmarket, Derby has completed within 10 weeks of bringing the instruction to the market. The property occupies a prominent position within Derby's busy pedestrianised Cornmarket.

Tom Wragg, Associate Director of FHP Property Consultants commented:

"By getting the level of rent right and taking a proactive approach to marketing, we were able to let this property extremely quickly thereby minimising the landlord's void period and creating one less vacant unit on the high street. Whilst the sentiment in some quarters about the high street remains pessimistic, FHP have completed this and a number of other high profile lettings in the vicinity recently."
