Planning

The current use of the property is for a Bar and Club under Class E of the Use Classes Order.

We are instructed to seek “unconditional offers” only in terms of planning for the site.

Potential Use

We are of the opinion that the building could be reused for a Bar/Restaurant and small Music Venue, or for a variety of other purposes, particularly with the benefit of the rear car park, including Offices/Medical Centre/Theatre School/Gym/Church.

The building could also be refurbished to provide City Centre residential accommodation or a mixture of commercial and residential uses.

Long Term Development Potential

There is significant scope in the longer term to redevelop the rear site with its frontage to the canal with a new building of 6+ storeys for residential purposes.

A number of schemes have been proposed and discussed with the Planners which can be made available upon request, and which show significant inherent value in this site.
